KEY MESSAGE

The D5 professional dynamic vocal microphone for lead and backing vocals delivers a powerful sound even on the noisiest stage. Its frequency-independent supercardioid polar pattern ensures maximum gain before feedback.

The D5 stands for a crisp sound that cuts through every mix. The dual shock mount eliminates any kind of mechanical noise for trouble-free live use. The audience will hear the pristine sound of your voice!

The D5 S has the same mechanical, electrical, and acoustic characteristics as the D5 and features a noiseless on/off switch. The C5 an easy to use, reliable companion for tough stage jobs.
