- Adjustable headband with foldable, swiveling earcups
- High-quality components and exceptionally rugged construction ensure long life
- Conceived and designed by BEHRINGER Germany

DJs are just like any other professional who relies on their ears for a living; above all else, they need clean, accurate audio reproduction. HPX6000 Professional DJ Headphones deliver on this with massive 50 mm neodymium drivers. That means when you wear these headphones, you not only get loud, clean sound – you also get deep, powerful bass. No matter what kind of music you listen to, you'll hear everything from the gut-shaking lows to the lip-smacking highs.

Let Them Blow Your Mind

The HPX6000 provides everything you need for comfortable listening. The two rotating, reversible ear cups contain 50 mm neodymium drivers that deliver every subtle nuance of your sound. And because of your active lifestyle, we've engineered the one-sided coiled cable from the finest oxygen-free copper wire that resists tangling and provides maximum durability. The HPX6000 also comes with a 1/4" TRS adapter for the 1/8" TRS connector, making it compatible with everything from your smartphone – to your mixing console.

Looking Good!

Having great sound is one thing, but being a DJ is also about style. You don't just have to sound good – you have to look good, too. The HPX6000 takes style and comfort to a whole new level! On top of their rugged construction, we made sure to choose the right materials to give these headphones a classic look and feel. From the soft touch rubberized coating to the leather ear cushions and headband pad, these phones feel fantastic on your head or in your hands. And we include a carrying bag in the package to make sure they stay that way.

Comfort is Key

We know you wear your headphones all night long, so we made sure you could adjust everything about the HPX6000s. The headband and ear cups are fully articulated and adjustable, and can be worn on the head or around the neck single cup style. They are also foldable, allowing for easy carrying and storage. To top it all off, the detachable cable makes it even easier to store them away.

With HPX6000 headphones, you get truly exceptional sound reproduction, the ultimate in comfort and durability – all at an incredibly-affordable price. Check out a pair HPX6000 headphones at your nearest [BEHRINGER](#) dealer – or place your order online today!

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own [MUSIC Group](#) factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [3-Year Warranty program](#).
