setups with on-screen software
editor via Ethernet

- Powerful scene management
for convenient handling of
complex productions

- USB type-A connector providing file
storage and uncompressed stereo
recordings plus show presets and
system updates

- ULTRANET connectivity for
BEHRINGER's P-16 Personal
Monitoring System*

It's a "One-Rack Attack"! The X32 CORE takes the brain of the flagship X32 Digital Mixing Console and packs it all into a single rack space. Combine the X32 CORE with our S16 Digital Snakes to effortlessly run sound with high I/O counts in multiple locations. Dual AES50 networking Cat 5e connectors allow for up to 96 remote inputs and 48 output channels to be controlled from and processed by X32 CORE. All of this can be managed concurrently from various locations and instances of our free control software applications, XiQ, XiControl and XControl.

Front Side Control

A set of front panel controls can be pre-configured by the engineer to enable a restricted amount of user interaction, while hiding away all the complexity. The rear panel expansion port allows inserting optional I/O cards to interface with existing networked audio infrastructure.

Digital Mixers

X32 CORE

40-Input, 25-Bus Digital Rack Mixer
with AES50 Networked Audio,
USB Audio Interface and
iPad/iPhone* Remote Control

- Built-in expansion port for audio interface cards or digital networking bridges

- MIDI In/Out for remote scene recall or controlling other MIDI equipment

- Future firmware updates, incl. new FX "Plug Ins", downloadable from behringer.com free of charge

- 3-Year Warranty Program*

- Conceived and designed by BEHRINGER Germany

At the Heart of it All

The X32 CORE forms the nucleus of an ultra-flexible studio control room setup when paired with S16 I/O and P16 Personal Monitoring Systems in each tracking room. The built-in 32 x 32 USB recording interface, 8 stereo effects engines, zero-latency monitoring (independent from DAW) and 100% total recall deliver the tools to handle any project you dare to tackle.

Compose. Record. Mix. Share.

Tracktion is one of the world's fastest and easiest Digital Audio Workstations (DAW) for composing, recording, editing, mixing and sharing your music with the world. Featuring a single-screen interface, and pushing the envelope in design elegance, Tracktion brings together outstanding Pro DAW features, such as dynamic automation, unlimited track count, MIDI recording and support for VST and AU plug-ins. This powerful music production software gives you all the tools of an entire professional-grade recording studio. Learning a DAW has never been easier, thanks to their vast and readily available library of resources.

As our way of saying "Thank You," when you register your XENYX X32 CORE at behringer.com, we'll reward you with a complimentary download code for the full version of Tracktion. Recording and editing couldn't be easier. To learn more, visit tracktion.com/support/videos.

Share the Love. Visit tracktion.com for more.
