- ▶ Two 3" cone tweeters provides excellent high-frequency response and superb vocal reproduction
- Uniquely engineered acoustic lens optimizes high frequency directivity of the loudspeaker
- Precisely designed crossover optimizes the frequency response and overall fidelity
- Durable MDF (medium density fiberboard) enclosure with an attractive vinyl wrap finish
- Built-in protection circuit engineered specifically to protect the tweeter without interrupting performance

## **Applications:**

▶ For Karaoke sound reinforcement

The Ki 82 is a 2-way full-range speaker designed specifically for KTV market needs. The Ki 82 utilizes a 12" woofer and two 3" cone tweeters.

The 12" woofer features a non-pressed long fiber pulp cone with foam surround, providing necessary stiffness and high reliability. The aluminum demodulating cooling ring reduces distortion and power compression. Specially designed V-shaped enclosure and acoustic lens optimizes the high frequency directivity and improves performance in applications requiring high-output to meet KTV market needs. Its modern, iron grey enclosure with black grille enhances any decor.

The Ki82 is designed to handle 250W contentiously, 500W program. The enclosure is constructed of MDF with vinyl laminated finish and fitted with nickel-plated binding post for reliable connectivity. Two high-strength M10 attachment points guarantee the stability of suspension. The integrated grille with elaborate design adds a distinctive element to the overall elegant appearance of the loudspeaker in addition to protecting the components of loudspeaker from damage.
