## Playable Media

## Quick (x1.5)/Slow (x0.8) View with Audio

For busy people who want to get the most out of their time, Quick View (x1.5) with Audio plays an one hour video in 40 minutes. Slow View (x0.8) with Audio is a useful function for language studies, or for practicing sports, dance, or a musical instrument, letting you take a closer look at a scene as well as pick up every sound.

## Continue Mode

Just press the "CONTINUED" key on the remote to memorise a scene, then turn off the power. Later, you can carry on watching Blu-ray Discs from exactly where you left off.

## Short Skip/Replay

If you want to skip a part, or take another look at a scene you've missed, you can easily skip forward 30 seconds or skip back 10 seconds with a push of a button on the remote control.

## Forward/Backward Skip with a Touch of a Button
