DANMARK

### Stylish Danish Hi-Fi

Tangent's Spectrum range of affordable hi-fi and home theatre loudspeakers offer typically Danish contemporary, stylish designs fused with high-end audio quality from compact enclosures ... to create the very best in two and multi-channel applications.

#### Latest Technology

The range benefits from latest-technology drive units carefully selected by Tangent's acoustic engineers, including a wide dispersion 25mm soft fabric dome tweeter, together with a 110mm or 130mm long throw paper coned bass driver ... or an 200mm bass driver featured in the subwoofer.

#### Danish Speaker Design

The compact, stylish enclosures boast a solid, inert construction to reduce cabinet colouration and resonance. Available in attractive midnight black or polar white highly durable matt satin finishes, all drive units are protective with colour-matched, integrated mesh grilles. Contrasting walnut base plinths complete the unique aesthetic appeal across the range.

#### Spectrum X6

Following the success of the X4 and X5 bookshelf/stand-mount speakers, Tangent now introduces a stunning pair of X6 3-way bass reflex floor-standing loudspeakers. Housed within the stylish and handsome cabinet enclosures, the performance is faithfully reproduced from two 130mm bass-midrange drivers together with the range generic 25 mm dome fabric tweeter ... resulting in 200 watts of easy to drive power and a sensitivity rating of 88db.

#### Make it a System

Complete your system with the new Spectrum XC Centre speaker and Spectrum XSW-8 Subwoofer to create the ultimate multi-channel movie or music experience.

#### Features

- Unique satin finishes
- Fabric dome tweeter
- 2 x 5" midrange-bass drivers
- Danish design
- Price per pcs
